

**Parkfield Archers**  
**Minutes Of Committee Meeting 23<sup>rd</sup> July 2006**

Meeting Started 11:45am

Present Steve Greene, Roger and Angela Watson, Steve Bullman, Geoff Searle, John Claydon, Steven Hutchcraft.

**Chairmans Reports**

Steve G to ask Parkfield for keys to gate and to write letter about conflicting dates (9<sup>th</sup> May football match etc.) Steve will contact Diana Wood again to try and get more forms for new members.

**Secretarys Report**

Has been a change of County Coach. He is trying to arrange coach training and has our details. Agreed to wait for him to contact us.

Steven to produce more copies of the constitution to give to new members

It was agreed that the club would benefit by having an away events organiser (publicize dates, collect money) and a membership secretary (collect membership fees once a year and deal with registration of new members and renewals) **Would anyone who feels that they could do either of these please talk to a committee member. Neither job would take a lot of time.**

**Events**

Skylark Weekend – John C can provide a generator if necessary, with a donation to Branching Out. Roger will have some lighting. It was decided not to hire a toilet and that Steve Bullman could provide toilet arrangements including handwipes. Seating can be planks and bales. Everyone is reminded that the Saturday is fancy dress (no theme, turn up in whatever you like!)

The club is taking part in the Bow Summer series. There is a trophy, medals and reduced price subscription to Bow magazine all provided for free by the publishers. We have had to choose 3 competitions to be included in the summer series. These are: The World Cup shoot (Bristol Rounds), 2<sup>nd</sup> day of Skylark (American Round) and finally the Mark Langford Cup.

**Records**

At the previous meeting it was agreed that members needed to submit a scored round at least once a month to qualify for club competitions. As this would be changing the rules of the club this can only be introduced at an AGM/EGM. Therefore, this statement does not stand and will be discussed and voted on at the AGM.

It was agreed to have small cups for raw score on the day as part of the Mark Langford Cup.

Steve Bullman will talk to Nick Beeston at GNAS about the criteria for improvers handicap award.

### **Equipment**

Some of the butts are very much the worse for wear and need replacing before the End Of Season Shoot.

It was agreed that we would find out the price of several bows, and large number of wooden arrows from Graham for have a go days. (SH was to do this but GS visited Graham!)

### **AOB**

**We will clear out the container, and do some minor repairs on the 30<sup>th</sup> September. – Any helpers welcome please.**

The FENDIS beginners are coming to the end of their 6 week course. It was decided that next year we would probably run a session just for them.

We now have about 15 beginners waiting to do the course. Should not be taking on anymore for this year.
