As we were unable to shoot at Dunhams Wood suggested a donation of £50 to their charity. Kathy to find out details  
Chance to advertise in a Camel racing event at Chatteris but it was felt the expense was not worth the return  
Harry – suggested ways of getting more junior members. He will design a poster which we will place in gyms and schools

### **AOB**

Rick is to step down as Chairman due to a lack of enthusiasm but will continue as coach.  
Paul is to step down as equipment officer due to work commitments.  
Steve H has asked if the club would continue running the Mepal Field Shoots. The club gets no money from this but does set up the field. Kevin has checked the insurance and is happy that Mepal are covered. It was felt that club members who help set up should get free entry but other than that the club is happy to continue running it.  
A request has been made from a member who has been unable to shoot for a long period of time, that they have their fees refunded. Although the Committee was sympathetic to the member's situation it felt that if members know they will be unable to shoot for an extended period they should cancel their standing order and pay as and when they shoot.

### ***Date of next meeting***

As there are now 3 vacancies on the Committee (Chairman, Equipment Officer and Secretary which Angela has been doing until permanent Secretary can be found) and Extraordinary General Meeting is to be held.

Friday 15 July 2011

***Signed by the Chairman as a true record***
